INDRO VED

CMAP invites you to a panel discussion focusing on best practices in planning and economic development.

The discussions will focus on the achievements of successful developments highlighting how the individual roles of developers, municipal managers and planners can come together in a team approach. The discussions will emphasize best practice procedures and will address some of the problems and barriers that all practitioners face in implementing a successful or unsuccessful development.

The event is co-hosted by Commonwealth Edison and will offer municipal managers, economic and community development practitioners an opportunity for a lively discussion and networking.
